Misericordia Urban Park

The park is a large green lung within the Valderice district, expanding over slightly more than 19 hectares. It features many equipped areas, including a children playground, a bowling green, tables and benches, fountains, toilets, thus allowing visitors to rest and enjoy the scenery, a lush Mediterranean scrub rich in both stony and wooden grounds. The vegetation is typically Mediterranean: dwarf palm, spurge, mastic, thorny broom, dis grass. Scattered in the woods there are few wild-olive trees, a local fruit no longer cultivated, while on the sun-baked boulders stock flowers bloom.

Location: Via S. Giacomo, 16, 91019 Valderice TP
